Dean (R)/KUHS/2011-12

Dated: 31.12.2011

Prof (Dr).Praveenlal Kuttichira, MBBS, DPM, MD, DipNB,

Dean (Research),

Email - dr.kuhs@gmail

Dear Colleague,

New Year greetings from the Research desk of Kerala University of Health Sciences.

Hope you knew that I have taken over charge as the Dean (Research) a month back. The job assigned to me is to facilitate Research in the field of Health Sciences. I am fully aware of the potentials within your resources. Together, we would be able to unearth all the treasures now remain buried due to various reasons.

This is to seek your patronage, guidance, co-operation and critical comments before I start my journey.

It would be convenient, if there is a nodal person in your College with whom this desk can communicate in all matters regarding research works, other than PG dissertations. Any permanent staff – middle level or above - with good track record and published work would be the most suitable person for this task. Those who can set apart sometime on a routine basis are essential. That could be you or one of your nominees.

Please send me your constructive suggestions at the earliest.

With warm regards to you and family at work place and home.

Sincerely

Sd/-

Dr. Praveenlal Kuttichira
